The City will not knowingly award contracts for goods or services to any bidder in arrears to the City for any debt, claim, demand, or account whatsoever, including taxes, penalty and interest. Contractor is responsible for ensuring that no indebtedness exists.

The Contractor must have a sales tax permit issued by the Comptroller of Public Accounts and shall issue a resale certificate complying with the Tax Act, as amended, when purchasing said materials. The Contractor is responsible for any sales taxes applicable to equipment purchases, rentals, leases, consumable supplies which are not incorporated into the project, tangible personal property purchased for use in the performance of this contract and not completely consumed, or other taxable services used to perform this contract, or other taxes required by law in connection with this contract.

## **XV. COMPLIANCE WITH LAWS, CHARTER, ORDINANCES**

Contractor, its agents, employees and subcontractors must comply with all applicable federal and state laws, the charter and ordinances of the City of Abilene, and with all applicable rules and regulations promulgated by local, state and national boards, bureaus and agencies. Contractor must obtain all necessary permits and licenses that are required in completing the work contracted for in this agreement.

## **XVI. PAYMENT AND PERFORMANCE BONDS**

If the value of this Bid is below \$50,000, Performance and Payment Bonds are not required; however, the City will not pay the Contractor until the work is accepted and the Contractor furnishes an acceptable Release of Lien and Affidavit of Bills Paid to the City.

If the value of this Bid exceeds \$50,000, the Contractor must also furnish a payment bond. If the value of this Bid exceeds \$100,000, the Contractor must furnish a performance bond when the Contract is executed and delivered to the City. Bonds for projects using federal dollars must be underwritten by a surety name in the current list of "Surety Companies Acceptable on Federal Bonds" as published in the Federal Register by the Audit Staff Bureau of Accounts, U.S. Treasury Department.

The City may require additional security if the initial surety becomes insolvent, bankrupt, or otherwise financially unable to protect the City under the terms of the contract. The City's requiring new or additional security relieves neither the original surety nor the Contractor of their obligations under the contract. City may, without incurring any liability, stop work under the contract until Contractor furnishes additional security.

## **XVII. SEVERABILITY AND WAIVER**

The partial or complete invalidity of one or more provisions of the Contract shall not affect the validity or continuing force and effect of any other provision. The failure of either party hereto to insist, in any one or more instances, upon the performance of any of the terms, covenants or conditions of this Contract, or to exercise any right herein, shall not be construed as a waiver or relinquishment of such term, covenant, condition or right as respects further performance.

a. Definitions

**Certificate of coverage ("certificate")** - a copy of a certificate of insurance, a certificate of authority to self-insure issued by the commission, or a coverage agreement (TWCC-81, TWCC-82, TWCC-83, or TWCC-84), showing statutory workers' compensation insurance coverage for the person's or entity's employees providing services on a project, for the duration of the project.

**Duration of the project** - includes the time from the beginning of the work on the project until the contractors'/person's work on the project has been completed and accepted by the City.

**Persons providing services on the project ("subcontractors" in 406.096)** - includes all persons or entities performing all or part of the services the contractor has undertaken to perform on the project, regardless of whether that person contracted directly with the contractor and regardless of whether that person has employees. This includes, without limitation, independent contractors, subcontractors, leasing companies, motor carriers, owner-operators, employees of any such entity, or employees of any entity which furnishes persons to provide services on the project. "Services" include, without limitations, providing, hauling, or delivering equipment or materials, or providing labor, transportation, or other service related to a project. "Services" does not include activities unrelated to the project, such as food/beverage vendors, office supply deliveries, and delivery of portable toilets.

b. The Contractor shall provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all employees of the contractor providing services on the project, for the duration of the project.

c. The Contractor must provide a certificate of coverage to the City prior to being awarded the contract.

d. If the coverage period shown on the Contractor's current certificate of coverage ends during the duration of the project, the Contractor must, prior to the end of the coverage period, file a new certificate of coverage with the City showing that coverage has been extended.

e. Contractor shall obtain from each person providing services on a project and provide to City:

(1) a certificate of coverage, prior to that person beginning work on the project, so the City will have on file certificates of coverage showing coverage for all persons providing services on the project; and

(2) no later than seven (7) days after receipt by the Contractor, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project.

f. The Contractor shall retain all required certificates of coverage for the duration of the project and for one (1) year thereafter.

g. The Contractor shall notify the City in writing by certified mail or personal delivery, within ten (10) days after the Contractor knew or should have known, of any change that materially affects the provision of coverage of any person providing services on the project.

h. The Contractor shall post on each project site a notice, in the text, form and manner prescribed by the Texas Workers' Compensation Commission, informing all persons providing services on the project that they are required to be covered, and stating how a person may verify coverage and report lack of coverage.

i. The Contractor shall contractually require each person with whom it contracts to provide services on a project to:

(1) provide coverage, based on proper reporting of classification codes and payroll amounts and filing of any coverage agreements, which meets the statutory requirements of Texas Labor Code, Section 401.011(44) for all of its employees providing services on the project, for the duration of the project;

(2) provide to the Contractor, prior to that person beginning work on the project, a certificate of coverage showing that coverage is being provided for all employees of the person providing service on the project, for the duration of the project;

(3) provide the Contractor, prior to the end of the coverage period, a new certificate of coverage showing extension of coverage, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

(4) obtain from each other person with whom it contracts, and provide to the Contractor:

(a) a certificate of coverage, prior to the other person beginning work on the project; and

(b) a new certificate of coverage showing extension of coverage, prior to the end of the coverage period, if the coverage period shown on the current certificate of coverage ends during the duration of the project;

(5) retain all required certificates of coverage on file for the duration of the project and for one (1) year thereafter;

(6) notify the City in writing by certified mail or personal delivery, within ten (10) days after the person knew or should have known, of any change that materially affects the provision of coverage of any person providing service on the project;

(7) contractually require each person with whom it contracts, to perform as required by paragraphs (1) - (7), with the certificates of coverage to be provided to the person for whom they are providing services.

- j. By signing this contract or providing or causing to be provided a certificate of coverage, the Contractor is representing to the City that all employees of the Contractor who will provide services on the project will be covered by workers' compensation coverage for the duration of the project, that the coverage will be based on proper reporting of classification codes and payroll amounts, and that all coverage agreements will be filed with the appropriate insurance carrier or, in the case of a self-insured, with the commission's Division of Self-Insurance Regulation. Providing false or misleading information may subject the Contractor to administrative penalties, criminal penalties, civil penalties, or other civil actions.
- k. The Contractor's failure to comply with any of these provisions is a breach of contract by the Contractor which entitles the City to declare the contract void if the Contractor does not remedy the breach within ten (10) days after receipt of notice of breach from the City.
