Total points (11 POINTS OR GREATER SUPPORT VEHICLE REPLACEMENT)				TOTAL PTS:	<u>12</u>

COMMENTS & CONSIDERATIONS:

This unit has major corrosion issues with body. The unit is 6 years beyond its replacement period and needs many costly repairs to be reliable for use. The units current condition due to age and corrosion issues do not represent the positive

FLEET MANAGER'S RECOMMENDATIONS:

Fleet staff recommends replacing this unit with a 2021 Chevrolet Silverado 2500 4wd Crew cab pickup. This new unit will provide the space needed for daily tasks as well as people space for travel needs. The current unit scored a 12 on this evaluation, making it eligible for replacement. The old unit will be sold via online auction once the replacement unit arrives and is placed into service.
