

Subject: Replacement of Four (4) Vehicles #31, #301, #371, #972
Reviewed By: City Manager: Dana L. Muscott; Deputy City Manager: Tony Reyes
Prepared By: Kurt Hausbeck, DPW Manager Street & Fleet

PERTINENT FACTS:

The purpose of this recommendation is to receive approval to purchase two (2) vehicles for the Sanitation Division and two (2) vehicles for the Parks Division.

1. Unit #31 is a 2005 Chevrolet Colorado Crew Cab Pickup. The unit has 108,568 miles and is 15 years old. The unit is too small for the need of the Sanitation Division and is starting to show signs of corrosion issues to framework and has excessive mileage making it an unreliable unit for daily tasks. The unit has scored a 12 on evaluation making it eligible for replacement. Fleet staff recommends replacing this unit with a 2021 Chevrolet Silverado 2500 Crew Cab 4wd Pickup from Berger Chevrolet on State of Michigan, MIDeals contract #071-B7700177 at the cost of \$32,833.00.
2. Unit #972 is a 2007 Chevrolet Colorado Extended Cab 2wd Pickup. The unit has 56,606 miles and is 13 years old. While the odometer reflects lower mileage, the unit has been repurposed from the Fire Division and has been in use for the Sanitation Division. The unit is a mid-size truck with very limited towing capacity, not sufficient for moving the new dump trailers at the Transfer Station. This unit scored an 11 on evaluation making it eligible for replacement. Fleet staff recommends replacing this unit with a 2021 Chevrolet Silverado 2500 Double Cab 4wd Pickup from Berger Chevrolet on MIDeals contract #071-B7700177 at the cost of \$30,979.00.
3. Unit #301 is a 2004 Ford F250 ¾ ton 4wd Single Cab Pickup. The unit has 52,960 miles and is 16 years old. The unit, while having lower mileage, has excessive corrosion issues due to its overall age. This unit is used by Parks Division to pull trailers with mowers for maintaining the city parks and is used to plow alleys, deadends and City parking lots during the winter. The current unit has mechanical issues due to age and is an unreliable unit for daily use. The unit does not present a positive image for the city and it is recommended by Fleet staff that it be replaced with a 2021 Chevrolet Silverado 2500 Crew Cab 4wd Pickup. The new unit would be purchased from Berger Chevrolet on the MIDeals contract #071-B7700177 at the cost of \$32,833.00. The new unit would provide additional personnel space as well as towing capacity for the trailers used by the Division.
4. Unit #371 is a 2006 Chevrolet 2500 Single Cab 4wd Pickup. The unit has 68,838 miles and is 14 years old. The unit, while having lower mileage, has been used for plowing and hauling of mower trailers for the Parks Division for its lifetime. The unit has frame issues from plowing snow and the body is riddled with dents and corrosion from years of use. The unit is no longer a reliable unit for Parks Division use and does not present the positive image of the city. The unit scored a 12 on evaluation making it eligible for replacement. Fleet staff recommends replacing this unit with a 2021 Chevrolet Silverado 2500 Double Cab 4wd Pickup from Berger Chevrolet on MIDeals contract #071-B7700177 at the cost of \$30,979.00.

The new unit lead time is estimated at 60-90 days and the current units will be sold via online auction once the new unit is placed into service.

Staff recommends the purchase of two (2) 2021 Chevrolet Silverado 2500 Crew Cab 4wd Pickup at a cost of \$32,833 each and two (2) 2021 Chevrolet Silverado 2500 Double Cab 4wd Pickup at a cost of \$30,979 each from Berger Chevrolet, Grand Rapids, MI on MIDeals contract #071-B7700177, in the total amount of \$127,624.

LEGAL ISSUES:

The standard purchase order previously approved by City Attorney will be used for this transaction.

TIME SENSITIVITY:

Routine

BRIEFLY DESCRIBE THE NATURE OF THE TIME SENSITIVITY:

FINANCIAL CONSIDERATIONS:

\$139,000 has been budgeted for replacement of these four vehicles in FY21, funds of \$127,624.00 are available in the Motor Equipment Revolving Fund, Vehicle Maintenance, Vehicles, account #661-2702-98100 with an account balance of \$2,274,518.

RECOMMENDED ACTION:

*City Manager recommending purchase of two 2021 Chevrolet Silverado, 2500 Crew Cab 4WD pickups and two 2021 Chevrolet Silverado, 2500 Double Cab 4WD pickups from Berger Chevrolet, Grand Rapids, MI, through the MiDeal cooperative purchasing program, in the total amount of \$127,624, for the Sanitation and Park Divisions.

RECOMMENDATION: Approve.
