CITY OF BETHEL, ALASKA

ORDINANCE #21-63

AN ORDINANCE BY THE BETHEL CITY COUNCIL EXTENDING ORDINANCE 21-31 TESTING AND QUARANTINE MANDATES AND EXEMPTIONS

WHEREAS, the United States Centers for Disease Control and Prevention (CDC) has identified COVID-19 as a significant public health risk;

WHEREAS, the Yukon-Kuskokwim Delta region is home to over fifty (50) small and remote communities which are located off the road system and which have limited medical infrastructure;

WHEREAS, since May 2020, the Yukon-Kuskokwim Health Corporation (YKHC) has offered voluntary COVID-19 testing at the Bethel Airport for all persons arriving from outside the Yukon-Kuskokwim Delta region to Bethel and has increased accessibility to testing on its campus;

WHEREAS, in mid-December, YKHC received its allocation of COVID-19 vaccine from the State of Alaska, and began offering vaccinations to residents of the Yukon Kuskokwim Delta region;

WHEREAS, Bethel City Council finds it is necessary to apply state public health mandates regarding travel to Bethel in order to contain the transmission of COVID-19 within its borders;

WHEREAS, Bethel City Council has the authority to implement temporary local travel mandates relating to air travel to Bethel from outside the Yukon-Kuskokwim Delta region to mitigate COVID-19 within its borders and to protect the health of its residents based upon the following:

- Federal, State, and Local authorities have declared COVID-19 to be a public health disaster emergency;
- AS 26.23.020(e), the State of Alaska Operations Plan, and the City of Bethel Emergency Operations Plan enable the City of Bethel to respond in times of a public health emergency;
According to AS 26.23.060(h), a “political subdivision” permitted to act under AS 26.23 includes a municipality like Bethel, which has adopted and exercised certain “health and safety” and “public peace, morals, and welfare” powers both through its Emergency Operations Plan and under Titles 1, 8, and 9 of the Bethel Municipal Code;

The “City of Bethel COVID-19 Emergency Rules and Procedures” adopt temporary requirements that are necessary and reasonable to protect public health and safety within the City and are narrowly tailored to limit the impact of these measures on the economic and personal liberties of all individuals and entities to which they apply;

The Alaska Constitution, article X, section 1, provides that a liberal construction shall be given to the powers of local government units.

Alaska Statute 29.25.030 expressly grants local communities the authority to adopt an emergency ordinance to meet a public emergency;

Alaska Statute 29.35.260 permits a city outside a borough to exercise a power not otherwise prohibited by law;

The Alaska Attorney General issued a guidance statement supporting a second-class city’s authority to enact local mitigation measures during a public health emergency;

The Governor and the Department of Health and Social Services have recognized the heightened risk of COVID-19 to residents of small, remote communities with limited medical infrastructure, and have supported a policy that provides small communities with the flexibility to enact public health mandates tailored to their particular circumstances.

WHEREAS, we must take steps to continue to protect our community and region from further harm and loss;

WHEREAS, taking the free vaccinations available and recommended by our medical and health professionals is a significant way to lower the positivity rate;

WHEREAS, two FDA-emergently-authorized and recommended vaccines that are shown to be highly effective at preventing COVID-19 are now available (Pfizer-BioNTech’s COVID-19 vaccine and Moderna’s COVID-19 Vaccine);

WHEREAS, if someone has been vaccinated, they are less likely be positive for COVID-19; clinical trials indicate that the Moderna vaccine is 94.1% effective and the Pfizer-BioNTech is 95% effective at preventing
laboratory-confirmed COVID-19 illness in people without evidence of previous infection;

WHEREAS, the CDC confirms that acquiring COVID-19 naturally may offer some natural immunity against COVID-19 and that current reinfection with the virus that causes COVID-19 is uncommon in the 90 days after initial infection; however, it is unknown how long this natural immunity protection lasts, and the risks of severe illness and even death from COVID-19 far outweigh any benefits of natural immunity;

WHEREAS, on February 10, 2021 the CDC released new regulations allowing those that have received the suggested vaccinations can be exempt from the quarantine requirements following two weeks after their second shot;

NOW, THEREFORE BE IT ORDAINED by the City Council of Bethel, Alaska, as follows:

The Bethel City Council hereby adopts the City of Bethel Emergency COVID-19 Rules for Traveler Testing upon arrival to Bethel as follows:

Section 1. Travel Prohibited. Anyone who is currently infected with SARS-CoV-2 virus must not travel to Bethel until they are cleared from isolation by a medical professional or unless otherwise authorized by a medical professional for medical reason or detained by State of Alaska Department of Corrections.

Section 2. Testing Isolation and Quarantine Requirement. When traveling to Bethel:

i. The traveler should get a molecular test for SARS-CoV-2 within 72 hours prior to travel to Bethel and be able to present upon arrival into Bethel proof of that negative test. The traveler should avoid commencing travel to Bethel without a negative test result in hand.

ii. If a traveler cannot get tested prior to traveling to Bethel, if the test result is unavailable upon arrival, or if the traveler was outside of Bethel for less than 72 hours, the traveler must get a molecular test for SARS-CoV-2 upon arrival to Bethel. If at the time of arrival, a testing location is not open or available, the traveler must get tested at the next available opportunity. All travelers without a negative test upon arrival to Bethel shall follow strict social distancing for seven days or until they receive a negative result.
iii. If traveler remains in Bethel for seven days, on the seventh day, the traveler shall get a molecular test for SARS-CoV-2 and follow strict social distancing until negative test results are received.

iv. If the traveler does not get a molecular test for SARS-CoV-2, they must follow strict social distancing for 10 days following arrival into Bethel.

Section 3. Testing Exemptions.
   i. An asymptomatic traveler who has recovered from a documented SARS-CoV-2 infection within the past 90 days is exempt from travel testing.
   ii. Children age 2 and under are exempt from the testing requirement.
   iii. If a traveler arrives in Bethel, and can show provide proof of being fully vaccinated, the traveler is exempt from the City of Bethel Emergency COVID-19 Rules for Traveler testing.

Section 4. Quarantine Exemptions.
   i. Critical Infrastructure Workers (CI) are exempt from strict social distancing requirements when traveling or returning to Bethel however, CI workers shall stay masked and socially distance from community residents, limit entry to facilities that are not part of the CI workers worksite or lodging. CI workers do not need to coordinate entry with the City of Bethel.
   ii. If a traveler arrives in Bethel, and can show provide proof of being fully vaccinated, the traveler is exempt from the City of Bethel Emergency COVID-19 Rules for Traveler Isolation and Quarantine Requirements.

Section 5. Definitions

“Fully Vaccinated” means:
   a. Two weeks after the traveler’s second dose in a 2-dose series, like Pfizer or Moderna vaccines, or
   b. Two weeks after the traveler’s single-dose vaccine, like Johnson & Johnson’s Janssen vaccine.

“Strict Social Distancing” means:
   a. An individual may not enter restaurants, bars, gyms, community centers, sporting facilities, office buildings, and schools or daycare facilities, and/or may not participate in group activities with people outside of your immediate household.
   b. To be in outdoor public place, an individual must remain six feet away from anyone not in their immediate household, and they must wear a face
covering. The individual may arrange curbside shopping or have food delivery.

“Traveler” means any person arriving or returning into Bethel regardless of point of entry, point of departure, whether by air or ground but only if the traveler has come in contact with people that do not reside in Bethel during their travel.

Section 6. Classification. This ordinance is not permanent in nature and is a non-codified ordinance that shall not become part of the Bethel Municipal Code.

Section 7. Effective and Expiration Date. This ordinance is effective immediately upon adoption by the City Council and shall remain in effect for a period of sixty (60) days.

ENACTED THIS 20th DAY OF DECEMBER, 2021 BY A VOTE OF _ IN FAVOR AND _ OPPOSED.
