1. SERVICES; FEES

Provider agrees to perform the services (hereinafter referred to as the “Services”) in connection with the project (hereinafter referred to as the “Project”) as more particularly set forth in the Request for Qualifications entitled: “Engineering and Design Services for Calabash Senior Roof,” as published by Brunswick County on April 13, 2023, and re-published on May 24, 2023, and all addenda thereto, and on Exhibit “A” attached hereto, all of which are incorporated herein by reference as if fully set forth herein. The agreed upon fees for said Services are set forth on Exhibit “B” attached hereto and incorporated herein by reference.

Any exhibits or attachments referenced herein are hereby incorporated by reference and made a part of this Agreement. Any conflict between the language in an exhibit or attachment and the main body of this Agreement shall be resolved in favor of the main body of this Agreement.

2. TERM OF AGREEMENT; TIME OF COMPLETION

The term of this Agreement begins one (1) business day after approval by the Brunswick County Board of Commissioners (the “Effective Date”) and continues in effect until June 30, 2025, unless extended or sooner terminated as provided for herein or in the General Conditions of the Contract, as applicable. Notwithstanding the foregoing, Provider shall complete the Services in accordance with the schedule set forth in Exhibit “B” (the “Time of Completion”), unless extended as provided for in the General Conditions of the Contract, as applicable.

3. TERMINATION

County may terminate this Agreement at any time without cause by giving sixty (60) days’ written notice to Provider. As soon as practicable after receipt of a written notice of termination without cause, Provider shall submit a statement to County showing in detail the work performed under this Agreement through the effective date of termination. County may terminate this Agreement for cause by giving written notice of a breach of the Agreement. Provider shall have fifteen (15) days to cure the breach following receipt of the notification. Failure to cure the breach within the fifteen (15) days shall result in the immediate termination of the Agreement. Notwithstanding the foregoing, County may terminate this Agreement immediately and without notice to Provider if Provider becomes insolvent, makes or has made an assignment for the benefit

of creditors, is the subject of proceedings in voluntary or involuntary bankruptcy instituted on behalf of or against Provider, or has a receiver or trustee appointed for substantially all of its property, or if Provider allows any final judgment to stand against it unsatisfied for a period of forty-eight (48) hours.

4. BRUNSWICK COUNTY GENERAL CONDITIONS OF THE CONTRACT

This Agreement, in addition to any construction documents prepared hereunder, shall be subject to the Brunswick County, North Carolina General Conditions of the Contract (for construction contracts), unless County directs otherwise. In the event of a conflict between the General Conditions of the Contract and this Agreement, this Agreement shall prevail.

5. NONAPPROPRIATION

If the Board of County Commissioners does not appropriate the funding needed by County to make payments under this Agreement for a given fiscal year, County will not be obligated to pay amounts due beyond the end of the last fiscal year for which funds were appropriated. In such event, County will promptly notify Provider of the non-appropriation and this Agreement will be terminated at the end of the last fiscal year for which funds were appropriated. No act or omission by County which is attributable to non-appropriation of funds shall constitute a breach of or default under this Agreement.

6. COMPENSATION

County agrees to pay fees as specified in Exhibit "B" or as set out above for the Services satisfactorily performed in accordance with this Agreement. Unless otherwise specified, Provider shall submit monthly invoices to County and include detail of all Services delivered or performed under the terms of this Agreement. County shall pay all undisputed and properly completed invoices within forty-five (45) days of receipt. Notwithstanding the foregoing, County will not pay late fees on any charges under this Agreement. If County disputes any portion of the charges on any invoice received from Provider, County shall inform Provider in writing of the disputed charges. Once the dispute has been resolved, Provider shall re-invoice County for the previously disputed charges, and, per any resolution between County and Provider, County shall pay those charges in full at that time. No advance payment shall be made for the Services to be performed by Provider under this Agreement.

7. INDEPENDENT CONTRACTOR

Both County and Provider agree that Provider shall act as an independent contractor and shall not represent itself as an agent or employee of County for any purpose in the performance of its duties under this Agreement. Provider represents that it has or will secure, at its own expense, all personnel required in performing the Services under this Agreement. Accordingly, Provider shall be responsible for payment of all federal, state and local taxes arising out of its activities in accordance with this Agreement, including, without limitation, federal and state income tax, social security tax, unemployment insurance taxes and any other taxes or business license fees as required. Provider shall not be entitled to participate in any plans, arrangements or distributions by County

pertaining to or in connection with any pension, stock, bonus, profit sharing or other benefit extended to County employees.

In the event the Internal Revenue Service should determine that Provider is, according to Internal Revenue Service guidelines, an employee subject to withholding and social security contributions, then Provider hereby acknowledges that all payments hereunder are gross payments, and Provider is responsible for all income taxes and social security payments thereon.

Such opinions of costs shall be representative of Provider's best judgment as an experienced and qualified professional generally familiar with the construction industry. The parties acknowledge that actual bids, proposals and costs may vary from Provider's opinions of costs based on the cost of labor, materials, equipment or services furnished by others, differing methods for determining prices, competitive bidding or other market conditions. When requested by County, Provider shall participate in rebidding, renegotiation and design adjustments to the extent such are necessary to reduce Project costs. Such services shall be performed by Provider without additional compensation.

11. ENVIRONMENTAL CONDITIONS

County shall disclose to Provider the existence of all known and suspected hazardous substances, including, without limitation: asbestos; polychlorinated biphenyls (PCBs); petroleum; hazardous waste; or radioactive material located at or near the site where the Services are to be performed. If Provider discovers any undisclosed hazardous substances, or if investigative or remedial action or other professional services are necessary, Provider may, at its option and without liability for damages, suspend performance of the Services hereunder until County: (1) retains an appropriate specialist consultant or contractor to identify and, as appropriate, abate, remediate or remove the hazardous substances; and (2) warrants that the site where the Services

are to be performed are in full compliance with applicable laws and regulations. Notwithstanding the foregoing, if the presence of any hazardous materials adversely affects the performance of Provider's duties under this Agreement, then Provider shall have the option of: (1) accepting an equitable adjustment in its compensation or in the time of completion, or both; or (2) terminating this Agreement for cause upon thirty (30) days' written notice to County.

7. *Change Orders and Work Change Directives*: Recommend change orders and work change directives to County, as appropriate, and prepare change orders and work change directives as required.
8. *Shop Drawings*: Review and approve or take other appropriate action with respect to Shop Drawings and other data which contractor is required to submit, but only for conformance with the information given in the Contract Documents and compatibility with the design concept of the completed Project as a functioning whole as indicated by the Contract Documents. Such reviews and approvals or other action will not extend to means, methods, techniques, sequences, or procedures of construction or to safety precautions and programs incident thereto. Engineer shall meet any contractor's submittal schedule that Engineer has accepted.
9. *Substitutes and "or-equal"*: Evaluate and determine the acceptability of substitute or "or-equal" materials and equipment proposed by contractor.
10. *Inspections*: There are no special instructions for inspections in this scope of work.
11. *Disagreements between Owner and Contractor*: Provide written recommendations on all duly submitted issues relating to the acceptability of contractor's work or the interpretation of the requirements of the Contract Documents pertaining to the execution, performance, or progress of contractor's work; review each duly submitted claim by County or contractor, and in writing, either recommend denial of such claim in whole or in part, recommend approval of such claim, or decline to resolve such claim if Engineer in its discretion concludes that to do so would be inappropriate. In making such recommendations, Engineer shall be fair and not show partiality to County or contractor and shall not be liable in connection with any recommendation made in good faith in such capacity.
12. *Applications for Payment*: Based on Engineer's observations as an experienced and qualified design professional and on review of Applications for Payment and accompanying supporting documentation, Engineer shall:
 - a. Determine the amounts that Engineer recommends contractor be paid at such interval. Such recommendations of payment will be in writing and will constitute Engineer's representation to County, based on such observations and review, that, to the best of Engineer's knowledge, information and belief, contractor's work has progressed to the point indicated, the work is generally in accordance with the Contract Documents (subject to an evaluation of the Work as a functioning whole prior to or upon Substantial Completion, to the results of any subsequent tests called for in the Contract Documents, and to any other qualifications stated in the recommendation), and the conditions precedent to contractor's being entitled to such payment appear to have been fulfilled in so far as it is Engineer's responsibility to observe contractor's work. In the case of unit price work, Engineer's recommendations of payment will include final

determinations of quantities and classifications of contractor's work (subject to any subsequent adjustments allowed by the Contract Documents). However, quantity determinations shall be made only in so far as it is Engineer's responsibility to observe contractor's work. Engineer may rely on quantities confirmed by inspectors or other Resident Project Representatives assigned by County.

- b. By recommending any payment, Engineer shall not thereby be deemed to have represented that observations made by Engineer to check the quality or quantity of contractor's work as it is performed and furnished have been exhaustive, extended to every aspect of contractor's work in progress, or involved detailed inspections of the work beyond the responsibilities specifically assigned to Engineer in this Agreement and the Contract Documents. Neither Engineer's review of contractor's work for the purposes of recommending payments nor Engineer's recommendation of any payment including final payment will impose on Engineer responsibility to supervise, direct, or control contractor's work in progress or for the means, methods, techniques, sequences, or procedures of construction or safety precautions or programs incident thereto, or contractor's compliance with any laws, rules, or regulations applicable to contractor's furnishing and performing the work. It will also not impose responsibility on Engineer to make any examination to ascertain how or for what purposes contractor has used the monies paid on account of the contract price, or to determine that title to any portion of the work in progress, materials, or equipment has passed to County free and clear of any liens, claims, security interests, or encumbrances, or that there may not be other matters at issue between County and contractor that might affect the amount that should be paid.
13. *Contractor's Completion Documents:* Receive, review, and transmit to County maintenance and operating instructions, schedules, guarantees, bonds, certificates or other evidence of insurance required by the Contract Documents, certificates of inspection, approvals, Shop Drawings, and other data approved, and transmit the annotated record documents which are to be assembled by Engineer in accordance with the Contract Documents to obtain final payment.
 14. *Substantial Completion:* Promptly after notice from contractor that contractor considers the entire work ready for its intended use, in conjunction with County and contractor, visit the Project to determine if the work is substantially complete. If after considering any objections of County, Engineer considers the work substantially complete, Engineer shall deliver a certificate of Substantial Completion to County and contractor.
 15. *Final Notice of Acceptability of the Work:* Conduct a final visit to the Project to determine if the completed work of contractor is acceptable so that Engineer may recommend, in writing, final payment to contractor. Accompanying the recommendation for final payment, Engineer shall also provide a notice that the work is acceptable to the best of Engineer's knowledge, information, and belief and based on the extent of the services provided by Engineer under this Agreement. Engineer

shall provide a “Certificate of Completion” with the recommendation for final payment.

16. Prepare Record Drawings showing appropriate record information based on Project annotated record documents received from contractor, and furnish such Record Drawings to County.

B. *Duration of Construction Phase:* The Construction Phase will commence on the latter of the full execution of the Construction Contract or issuance of a Notice to Proceed by County for the Project or any part thereof and will terminate upon written recommendation by Engineer for final payment to contractor in accordance with the Contract Documents. If the Project involves more than one (1) prime contract, then Construction Phase services may be rendered at different times in respect to the separate contracts.
