Why are you interested in volunteering for the Town of Essex Planning Commission?*

Over the last six years, I've seen Essex Town grow exponentially. I want to share my artistic talent of designing green space and landscape with experienced architectural and hardscape talent of existing Town Planners on this Commission.

Do you have any personal aspirations that could be enhanced by your service on this commission?*

I admire the work of Town Planner; Jeff Speck of Washington DC who in a nutshell believes a walkable community starts with narrow streets with public realm for multi modal activities which promotes the desire to use the automobile less. A healthy community is an economic driver where innovation thrives.

Do you have any special skills, expertise, connections, or experience that you believe could be beneficial to the work of the commission?*

I enjoy research and as an Ophthalmology Medical Technologist before retirement, believe that obtaining a thoughtful history gave me the ability to rule out systemic issues that would bring my deduction to a final action to solve the problem.
I've experienced issues in Essex that lead me to participate as a citizen during PC meetings which sparked my interest to volunteer. I am a Vermont Master Gardener who last week donated 33 flower pots to Essex Experience businesses because I want to beautify Essex in my own small way to encourage a walkable and more socially conscious community.
