BACKGROUND/DISCUSSION

The Town has a comprehensive program for the regulation of metropolitan districts that are formed and operated in the Town. In 2000, the Town Council adopted Chapter 10.11, entitled Special Districts, of the Parker Municipal Code. In 2005, the Town Council approved the Town's Model Single District Service Plan, Model Multiple District Service Plan, and Model Intergovernmental Agreement, and pursuant to Section 10.11.140(a) of the Parker Municipal Code, proposed service plans for special districts must substantially comply with the format of these models. In 2019, the Town Council approved the current model service plans and intergovernmental agreement.

The Town's model service plans have been revised as summarized in the attached memorandum from the Town's special district counsel, Butler Snow. There are no changes to the Model Intergovernmental Agreement.
