When applicable, refer to Appendix A of this Agreement for the outline of the scope, limits of work and cost sharing.
2. MaineDOT shall be the sole administrator of the contract to construct the Project. MaineDOT will pay all Project costs, subject to cost sharing by the Municipality, when applicable, as specified in this Agreement. Neither MaineDOT nor its contractors will be required to pay for inspections and permits from the Municipality.
3. The Municipality agrees that MaineDOT and its contractors are exempt from all local ordinances, including but not limited to the Municipality Noise Ordinance.
4. Upon acceptance of plans, specifications and estimates (PS&E), MaineDOT shall solicit competitive bids for the Project. Upon acceptance of the lowest acceptable responsive, responsible bid to construct the Project and fulfillment of all terms set forth herein, MaineDOT will submit the information to the Municipality, who will have up to five (5) business days to review the information and notify MaineDOT of any questions or concerns. If MaineDOT is not presented with any questions or concerns in the time allotted all decisions pertaining to the acceptance of the bids, the award and administration of the contract and all payments thereunder shall be the sole discretion of MaineDOT.

F. Changes to Project Scope:

5. The Municipality, at its election, may request that changes be made or work added to the Project during the period of construction, provided the Municipality agrees in writing to pay any additional cost plus an amount not to exceed ten (10%) percent of such construction cost to cover all necessary engineering, inspection and administrative costs associated therewith, unless specified otherwise. All such requests shall be subject to MaineDOT approval. In the event that the cost of these changes or work are approved for federal participation, the Municipality's additional cost may be reduced by the amount of the federal contribution.

G. Traffic Control:

6. The Municipality agrees to allow MaineDOT's contractor to control all traffic through the work areas in accordance with the Traffic Control Plan approved by MaineDOT. The development of the Traffic Control Plan will follow the process outlined below:

Once the results are received, the PM/Regional Traffic Engineer will discuss the proposed Project with the Municipality (scope, limits, day or night work, work window, etc).

- ii. The Municipality will comment on their concerns/issues related to the Traffic Control Plan within two (2) weeks of receipt.
- iii. MaineDOT's PM & Designer will incorporate these comments where practical based on engineering judgment.
- iv. If the Municipality desires, a meeting will be held prior to PS&E to review the Project design, Special Provision 105 – Limitations of Operations, Special Provision 107 - Time, etc.

H. Utilities:

- 7. The Municipality will, at no cost to MaineDOT, assure proper adjustment, relocation, or repair of any portion of a utility service, whether above or below ground, that is located within the limits of the highway right-of-way and connected to any municipal utility, which might become necessary to permit construction of the Project. The Municipality agrees to hold MaineDOT harmless from any claims for damages occurring as a result thereof.
- 8. The Municipality agrees that during and after construction it will apply the requirements of the most recent version of MaineDOT's "Utility Accommodation Rules" as the minimum guidelines not withstanding any municipal rules that are more lenient.
- 9. To the extent that it is statutorily responsible therefore, the Municipality agrees to provide utilities, and to maintain all improvements and fixtures constructed, installed or furnished as a part of the Project in such a manner as necessary to preserve the use and function thereof for the expected period of their normal useful life as determined by accepted engineering and/or industry standards. To the extent any warranty exists for said improvements or fixtures, said warranty shall be first relied on by MaineDOT to address maintenance and/or repairs described in this paragraph.

I. Governing Law:

- 10. The Municipality agrees that except for an emergency, or as allowed in 23 M.R.S.A. § 3351-A, it will prohibit the excavation of the highway within the limits of the Project for a period of at least five (5) years after completion of the Project, and agrees to make all necessary notifications to abutters and occupants of the highway as otherwise required of any municipal government under the provisions of 23 M.R.S.A. § 3351. Thereafter, all future excavations within the right-of-way of the Project shall be regulated and controlled in the manner specified by MaineDOT in its most recent "Utility Accommodation Rules", which is incorporated herein and made a part hereof by reference.
- 11. The Parties agree to: comply with and abide by all applicable State and Federal laws, statutes, rules, regulations, standards and guidelines, including the MUTCD and OSHA standards, and Agreement provisions; avoid hindering each other's performance; fulfill all obligations diligently; and cooperate in achievement of the intent of this Agreement.

J. Municipality's Responsibility:

- 12. When applicable, if the Municipality withdraws its financial support for the Project, leading MaineDOT to terminate the Project, the Municipality shall reimburse MaineDOT fully for all

Project costs incurred in reliance on the Municipality's financial obligations outlined herein, including, but not limited to, reimbursement of all federal and state funds expended up to the time of such termination. If the Municipality fails to reimburse MaineDOT for such costs incurred, after receiving an invoice seeking such reimbursement, MaineDOT may exercise its rights of set-off to recover the requested amount.

13. The Municipality agrees to alter, move, relocate or remove, or cause to be, at no cost to the Project, any municipal property, including all fixtures, facilities or monuments, located on, under or above the ground, as necessary to permit construction of the Project, which has not otherwise been provided for during the development of the Project. 14. The Municipality will be responsible to keep new or replaced/rehabilitated pedestrian facilities in usable condition including snow and ice control.
15. The Municipality agrees to keep the right-of-way of the Project inviolate from all encroachments and agrees to remove, or cause to be removed, anything that may encroach thereon.
16. When applicable, the Municipality agrees to regulate all entrances to the highway within the limits of the Project in accordance with the provisions of 23 M.R.S.A. § 704.
17. When applicable, the Municipality agrees to limit all on-street parking to the parking spaces as designed and constructed under the Project.

K. Termination:

18. MaineDOT reserves the right to terminate the Project for any reason prior to the award of a contract to construct the Project. 19. MaineDOT may postpone, suspend, abandon or otherwise terminate this Agreement upon thirty (30) days written notice to the Municipality and in no event shall any such action be deemed a breach of contract. Postponement, suspension, abandonment or termination may be taken for any reason by MaineDOT or specifically as the result of any failure by the Municipality to perform any of the services required under this Agreement to MaineDOT's satisfaction.

MaineDOT shall exercise its set-off rights in accordance with normal State practices including, in cases of set-off pursuant to an audit, the finalization of such audit by MaineDOT, its representatives, or the State Controller. When applicable, MaineDOT reserves the right to withhold or reduce future Local Road Assistance payments to the Municipality for purposes of set-off to recover the amount owed.
23. **Non-Appropriation.** Anything herein to the contrary notwithstanding, the Municipality acknowledges and agrees that although the execution of this agreement by MaineDOT manifests its intent to honor its terms and to seek funding to fulfill any obligations arising hereunder, by law any such obligations are subject to available budgetary appropriations by the Maine Legislature and, therefore, this agreement does not create any obligation on behalf of MaineDOT in excess of such appropriations.
