**EXPLANATION TO COUNCIL BILL**

**ORIGINATING DEPARTMENT:** Public Works & Transportation

**PURPOSE:** To amend Sec. 29-374 “Right-of-way permit fees” of the Code of Ordinances to update permit fees and the title of the section.

**REMARKS:** The fees for working on utilities in the right-of-way have not been updated for many years. This update reflects current costs, regulations, and procedures used in the issuance of permits and inspection of the projects the permits cover. This ordinance updates these fees and renames the section to better reflect today’s working environment.
